- Attended Board meeting

Logged Hours – 72

Dick Volckmann

Operations Manager Report

April 2018

The spring melt this year was slow and easy with no sinkholes. Forty yards of gravel has been used to recondition the roads.

The White truck is still in the welding shop to repair the sander. As a result, there will be no scrap metal run this year.

The fence line to the east of Fawn Creek has been inspected and repaired.

Still waiting on the new pump controls from ITC.

Hours: 90.5
